DETAILED ACTION

Election/Restrictions

Claims 1, 2, and 4-7 are directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 8 and 9, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, are now subject to being rejoined. Claims 8 and 9 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in Paper mailed 19 December 2002 is hereby withdrawn.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Ruch on 19 March 2004.

The application has been amended as follows:

Claim 8 has been amended to add the following phrase in line 17 after the word "particles" but before the semicolon, - -, and said glass substantially does not comprise CuO and CeO₂- -.

Allowable Subject Matter

Claims 1, 2, and 4-9 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art fails to disclose or suggest a polarizing glass comprising geometrically anisotropic metallic silver particles, wherein said glass comprises the glass composition as recited in the instant claims and does not comprise amounts of CuO nor CeO₂ other than impurity levels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
